## Pumpkin Vine Golf Course

*On June 4, 2020, the Schultz Valley Farm lost their barn when straight line winds caused it to crash, trapping their livestock. Family, friends, neighbors, and strangers came to the rescue to help free the animals and save as much hay and straw and other items as possible. The cost to replace the barn is an additional \$30,000 more than the insurance will cover. So that the farm and the Schultz Family can continue operating, we are raising funds to help with building a new barn.*
